Disability as Diversity in Medicine Creative Inclusion

Peter Poulos, MD

Assistant Professor of Radiology and
Gastroenterology
Department of Radiology
Stanford University

Target Audience

Our target audience includes faculty, fellows, residents, medical students, technologists, nurses, and staff. Additionally, Radiology Grand Rounds is open to all UChicago Medicine employees.

Learning Points

1. Disability is a vital component of diversity.
2. Disabled people are underrepresented in medicine.
3. There are easily implementable approaches to improving disability representation.
